DUAL CONSOLE DC 246

The sleek lines and the signature fiberglass-framed windshield of the new DC 246, the latest dual console in the Pursuit lineup, are the perfect introduction to the brand. The thoughtful accommodations and unique social zones will seem like they were made just for you and your family.

These hallmarks of the Pursuit dual console series are purposeful—allowing you to move seamlessly fore and aft through the center walkway. With an LOA of 25' 8" and a significantly increased cockpit size and functionality over its predecessor, there's plenty of elbow and angling room. Ready to cruise? Everyone will find their favorite spot within the multitude of seating configurations.

The DC 246 adapts to your preferred pastimes—competitive and lively or reflective and tranquil. It's your choice, you only need to take the helm.
